SINCE 1896

CLEAN REAM EXTREME™ TOILET CLOSET FLANGE REAMER

FEATURES

- Removes toilet flange from inside 4" Schedule 40 PVC pipe.
- Eliminate the hassle and labor time of sawing and chiseling out the old closet flange.
- Fits into standard ½" drills.

Reed's Toilet Closet Flange Reamer removes the toilet flange and saves the sewer pipe for reuse. Clean out the old, damaged closet flange, install a new one and complete the project in minutes. Engineered to fit 4" internal flange, the toilet closet flange reamer saves time and material costs for the plumbing project. Built to the same standards as Reed's other Clean Ream Extreme™ reamers, this new application meets the specific clean-out need for internal flange to sewer drain connection.
