

## VALVE & CURB KEYS

### FEATURES

- **Compact size** fits in crowded utility trucks, behind pickup seats or in car trunks.
- A Reed VK2 or VK3 saves the space, expense and handling of 1 or 2 other single purpose keys.
- **Wide choice** of attachable tools allows users to customize to their systems.
- As a **safety feature**, Reed valve keys bend before they break.

Reed Valve and Curb Keys are built for strength and durability. All of Reed's key assemblies will support a maximum torque of 200 foot-pounds. Upper shafts are made from heavy-gauge, mechanical steel tubing plus curb key ends are machined from solid steel for strength. As a safety feature, keys bend before breaking to indicate overload. Made in USA, Reed valve and curb keys also feature strong welds at critical points.

Valve and curb keys have a telescoping design. When telescoped in, they are under 4 feet long and fit easily in small utility trucks, behind pickup seats, and in car trunks. When telescoped out, lengths of 5 feet to 7 feet are possible. Add **VKEXT** or **VKEXT3** extension bars to further extend the keys to maximum lengths of 10 to 12 feet.

**VK6KIT** is great for water and sewer utility companies to have on service trucks for emergencies because it contains a variety of keys in one organized set. **VKP** and **VKP10** feature a pivot head used for leaning or unparallel valves which can occur over time as lines settle.

For greater control and versatility, a variety of tools fit the end of these T handles to turn curb stops. Optional clip-on tools turn small valve wheels and curb box rods. Valve keys may be used manually or with Reed's 700PD power drive and clutch for electric or pneumatic power. With this wide variety, operators choose valve keys according to the needs of their systems.

Catalog No.	Item Code	Description	Closed Length		Weight**	
			in	mm	lbs	kg
VKA	02340	Adjustable Valve Key for Mains	45.5	1156	14.4	6.5
★ <b>VKP</b>	02341	Pivoting Valve Key for 2" Operating Nut, Adjustable Length	46.5	1181	16.0	7.3
★ <b>VKP10</b>	02345	Pivoting Valve Key with 3-foot Extension for 2" Operating Nut, Adjustable Length	46.5	1181	21.0	9.5
VK2CK1	02346	Main Valve Key + 1" Curb Key	45.5	1156	14.4	6.5
VK2CK2	02347	Main Valve Key + 2" Curb Key	45.5	1156	14.5	6.6

## RATCHETING VALVE KEYS

### FEATURES

- Ratchet handle operation reduces back strain and operator fatigue compared with using traditional valve keys.
- Closed size of under 4 foot long means they fit in crowded utility trucks, behind pickup seats or in car trunks.

Ratcheting Valve Keys are great for water utilities. Back-saving ratchet handle allows work in one's comfort zone. Under 4 feet long when telescoped in, Reed valve keys fit well in today's smaller utility trucks, behind pickup seats or in car trunks.

Catalog No.	Item Code	Description	Closed Length		Weight	
			in	mm	lbs	kg
VKRC1	02349	Main Valve Key + 1" Curb Key & Ratchet Handle	45.5	1156	20.1	9.1
VKREXT	02350	Main Valve Key + Ext & Ratchet Handle	45.5	1156	26.2	11.9

**NOTE:** Valve & Curb Keys (top of page) do not fit the ratcheting handle. However, some **VALVE & CURB KEY ADD-ONS FROM MATRIX ON P. 49** do fit. The ones that fit Ratcheting Valve Keys are marked with a red asterisk (\*) in the top line of the Matrix.

### WHY REED?

When it comes to turning gate valves in the street and curb stop valves to buildings, Reed's selection of Valve Keys is the most complete, rugged and compact around.

### VALVE KEY HEADS

NOTE: Key ends fit regular Valve & Curb Keys only.
