

# LASER DISTANCE METERS

## SERIE STARRETT® - KLMS-30

- Volume measurement (Wide x Length x height)
- Area measurement (Wide x Length)
- Addition and subtraction
- Continuous measurement
- Measuring capacity in meters, Inches and feet
- Accuracy of ±2mm
- Measuring range from 0.05m to 30m
- Laser 650 nm, class 2, <1mW
- IP54\* Protection

Starrett

## SERIE EXACT® - KLMX-50

- Multifunction (area and volume calculation)
- Indirect measurement (Pythagoras)
- Addition and subtraction
- Maximum and minimum
- Continuous/demarcated measurement
- Timer 3-15 seconds
- Measuring reference - front, center (for tripod) and rear
- Measuring capacity in meters, Inches and feet
- Measuring range from 0.05m to 70m
- Laser 650 nm, classe 2, <1mW
- IP54\* Protection

Starrett  
EXACT®

## SERIE EXACT® PLUS - KLMXP-100

- Multifunction (area and volume calculation)
- 03 Types of indirect measurement (Pythagoras)
- Addition and subtraction
- Maximum and minimum
- Angle/demarcated measurement
- Timer 3-15 seconds
- Measuring reference - front, rear and extender
- Measuring capacity in meters, Inches and feet
- Measuring range from 0.05m to 100m
- Laser 650 nm, class 2, <1mW
- IP54\* Protection

Starrett  
EXACT® PLUS

Catalog Number	Price by unit	Unit Packaging	Distance
KLMS-30	62,66	1	30m
KLMX-50	147,73	1	50m
KLMXP-100	214,86	1	100m
<b>Packaging</b>	Box with 1 laser distance meter		

\*IP54 Protection: against dust and water jets  
Without Certificate of Origin.
